Protective Factors

Healthy Relationships

People in our community encourage respectful and healthy relationships

Reaching Out to Help

When we see people in our community that need help we reach out and make sure that they find the support that they need

Gender Equality

We treat each other with respect and our relationships demonstrate equality between all genders.

Social Connection

People can participate in and feel part of our community and don't feel isolated or alone.

Celebrating Diversity

People from different backgrounds feel welcome and safe. Racism, sexism and other forms of discrimination are not ok.

Cultural Identity

People have strong connections to culture and we respect and celebrate people from different cultures to ours.

Oranga Tamariki

We help our children to thrive by showing them what safe, loving and healthy relationships look like.

Non-violent social norms

We challenge beliefs that condone and legitimise violence.
